EAS Statement of Work (SOW)...

Under the EAS Schedule, BAE SYSTEMS Analytical Solutions Inc. may provide federal agencies and their contractors support in: Environmental Impact Statements & Assessments under NEPA; Management Plans, Studies, and Consultations for Archeological, Historic, and other Cultural Resources; Economical, Technical, and Risk Analysis regarding Environmental needs; Environmental Compliance Audits and Management Planning; Permit Development and Reporting; Pollution Prevention Surveys; and Waste Management Services including data collection, development, and analysis; waste characterization studies, and identifying recycling options.

How to use this contract...

EAS is a competitively awarded schedule contract with fixed labor rates and is available to all federal agencies and their approved contractors. *These fixed hourly rates have already been determined "fair and reasonable" by the Government.* Task Orders referencing the GSA schedule number may flow directly from the agency to BAE Systems Analytical Solutions Inc. There is no middle man, no need to advertise, and no need to work with anyone outside your agency. Each agency has contract procedures to follow when using this streamlined and simplified procurement process. Refer to FAR 8.4 for complete details. The general steps to follow are:

STEPS

1. BAE Systems Analytical Solutions Inc. may meet with the customer to determine if support requirements exist.
2. The customer develops the project requirements (Statement of Work), deliverables, timelines, evaluation criteria, etc.
3. BAE Systems Analytical Solutions Inc. may provide the customer with its suggested labor mix for the project and the prospective prices (Rough Order of Magnitude).
4. The customer provides the project requirements and funding documents to its internal Contracts Office.
5. The customer's Contracts Office develops and issues an RFP/RFQ to prospective offeror(s).
6. BAE Systems Analytical Solutions Inc. develops its proposal/quote.
7. The Contracting Officer evaluates offer(s) and makes award.
8. The Contracting Officer issues a task order.
9. BAE Systems Analytical Solutions Inc. begins work.
